

**PRELIMINARY
PER CAPITA GRANT PROGRAM ALLOCATIONS
PURSUANT TO AB 1602
(PROPOSED 2002 BOND ACT)**

The Department of Parks and Recreation has prepared preliminary allocations for Per Capita grants under the proposed California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (2002 Park Bond). Estimates are based on agencies that are currently eligible for funding under the 2000 Park Bond, but have been revised to reflect the higher minimum allocations (\$1.2 million for counties and \$220,000 for cities) in the 2002 Bond. **These preliminary allocations should be used only for rough estimating of what your jurisdiction will receive if the 2002 Bond is successful since the factors below will impact final allocations:**

- The populations used to determine these preliminary allocations are from the Department of Finance E-1 Report as of January 1, 2000 that was used for calculations for Proposition 12 (2000 Park Bond). These preliminary allocations for the 2002 Bond Act Per Capita grant program will need to be revised with updated populations as of January 1, 2002.
- The following calculations are based on eligible cities and districts for the 2000 Park Bond and do not reflect new cities or districts that may have become eligible since April of 2001.
- All potentially eligible jurisdictions and the California Department of Parks and Recreation will have until April 1, 2003 to resolve all eligibility and jurisdictional overlaps as required by the 2002 Park Bond.

All Allocations Rounded to the Thousands.

County and Regional Park District Allocations for Per Capita Program

(40 Percent of \$350,000,000)

Rate for Allocations: \$2.84 per capita

(Minimum of \$1,200,000 for populations below 423,145).

County of Los Angeles to receive additional \$9,447,000.

City and District Allocations for Per Capita Program

(60 Percent of \$350,000,000)

Rate for Allocations: \$4.83 per capita

(Minimum of \$220,000 for populations below 45,531).

City of Los Angeles to receive additional \$11,808,000.
